

Rajyogini Dadi Gulzar (*Hridaya Mohini*)

Dadi Gulzar, aka **Hridaya Mohini** is currently the Administrative non-representing head of Prajapita Brahma Kumaris Godly Spiritual University. Dadi Gulzar joined the **Yagya** (institution) at an age of 8, at its very beginning (around 1936) through a boarding school for children called '**Om Niwas**' founded by Dada Lekhraj (then renamed *Brahma baba*). **Dadi's age is around 92 years.**

NEWS: Dadi Gulzar is well and recovering under doctor's observation at Gamdevi centre, **Mumbai**. Updated on: 7 September 2020. Here is the official [letter from Gamdevi centre](#) by BK Sunita. (Open link, OR visit bkgsu.com/blog and search for this post from Gamdevi centre)

Early Spiritual life of Dadi Gulzar was full of joy and intoxication of being a child of God (as in those days Murli was spoken mainly on the coming New world (Satyug). This was the very initial teachings by Shiv baba through Dada Lekhraj (Brahma baba). She was a child and thus had no background knowledge of Vedas. Yet listening to Baba's Murli, she used to experience deep love and spiritual joy.

In those days (the 1940s), she started having visions of the Satyug during meditation. Not even [Brahma baba](#) or [Mamma](#) would have any visions, but a few little children including Gulzar received visions of the new age. After coming back in consciousness, she would tell everyone what she saw. This was common part of Dadi in those days (Karachi, 1939 to 1950)

After 1950, the group relocated in Mount Abu upon Baba's direction. Dadi Gulzar was then mature enough both physically and spiritually and hence Baba sent her to services around Bharat (India) and through Dadi Gulzar, many centres were established, mainly around Delhi. In those days in the 1950s, service was growing rapidly and hence everyone was given their duties to perform. Mamma was managing the service and Brahma baba was managing activities in Madhuban. Hereby, part of Dadi Gulzar was on spiritual service and the part for having visions (of Sandeshi) was over.

In 1960s, services in India was widespread and scientific resources came up to help in service. Through telephone, Baba uses to speak to children and give important direction. Writing letters continues. Dadi Gulzar was mainly serving in Bombay and Delhi regions. "**Everyone loved Dadi for her sweetness and unconditional love.**" Even Baba said in Murli about Gulzaar being most serviceable in Bombay region.

As you may know, since Brahma baba became Avyakt on **18 January 1969**, **Dadi Gulzaar** became an instrument for Avyakt BaapDada to come, meet us and speak Murli. Since 1969 to 2006, Dadi continued to visit centres and give lectures on self-transformation in this precious time of confluence. Dadi would God's message in simple words in conferences of important persons. Her innocence, silence and love was the main attraction. Since 2007, Dadi stayed either mainly in Madhuban or at Delhi centre and played a part in services from there. BaapDada continued to use Dadi as the medium. This part also is now over (1969 to 2016)
