

Rajyogini Dadi Janki (Janak)

Dadi (elder sister) Janki aka **Janak** was the Administrative representing Head of Prajapita Brahma Kumaris Godly Spiritual University. Dadi was **born in 1916** in the northern Indian province of Sindh, now in Pakistan. From her earliest days, a concern for the well-being of others was a driving force in her life. Her childhood memories include travelling around on her father's horse and carriage to explain others, the benefits of a vegetarian diet, and sitting with the sick and elderly to help lift their spirits. She spent only three years in formal education and then went on many pilgrimages in her search for truth and the understanding of God. **Dadi Janki** joined **Yagya** (institution) at an age of 21, at its very beginning (around 1937) with a great faith in God and in his **Yagya** (his task). Dadi joined 1 year late than most others, so she immediately dedicated her life and started reading Murli 5 to 6 times a day.

Dadi joined the group of 180 who came to Karachi, Pakistan for living the new spiritual essenceful life. This group devoted their time to intense spiritual endeavour. The exploration of soul consciousness in meditation awakened a deeper awareness of the original and eternal identity as a source of all spiritual attainments. The practice of remembrance of God was mastered as the method for self-transformation. This all happened between 1939 and 1950. In 1950s, Dadi was sent on service around cities. Dadi always kept going according to directions of BaapDada. Mateshwari (Mamma) was a mentor for Dadi Janki during services. Baba also wrote many letters to Dadi giving directions and Murli. Mamma became Avyakt on **24 June 1965**, after Brahma Baba became Avyakt on **18 Jan 1969**. After this, elder Dadi's, including Dadi Janki now had many more responsibilities than before. Doing work of **Yagya**, Dadi also kept pace in growing services. New centres began to open more rapidly after 1969.

International Services

Avyakt BaapDada directed Dadi Janki to London in 1974 to begin international services. Dadi hesitated to go at first because she didn't know English nor its culture. But understanding God's will and having faith, Dadi left for services. London became the first centre to open in Europe. It began by teachings of Rajyoga meditation and then followed by studying Murli. Dadi will not

Speak much, but teach the power of silence. She also conducted classes where a sister translates to English. ***Dadi successfully planted the roots of spirituality, divinity and values in minds of those BK who joined in her sustenance.***

In 1978, a research by medical scientists at University of Texas, USA declared her as "***The most Stable mind in the world***", as they found that her mind remained completely undisturbed amidst the mental activities performed. Dadi's very nature was peaceful, and the same reflected in her interaction with others. "I would keep Baba as my 'constant companion';" says Dadi in her interview with Sister Jayanti. Dadi Janki became a medium for world service. These roots which she nurtured mainly in the London, UK, are now widely spread all over the world in more than **140 countries.**

As a Head of BKWSU

In August 2007, after Dadi Prakashmani ji became Avyakt, Dadi Janki took responsibility of the whole **Yagya/organisation**. Then Dadi shifted to Madhuban (Mount Abu) and since then, she guided all centres around the world. BK Jayanti was appointed as director of centres in Europe. By this time, many BKs became spiritually matured enough to guide others and take decisions. Even at an age of **103** (last days of life), Dadi served not with the body, but with good wishes and vibrations. Beloved Dadi Janki ji became Avyakt and left the corporeal body on **27 March 2020**. Dadi's early life and spiritual life, both were full of sacrifice and service to the world. We have many videos dedicated to Dadi Janki's life available on YouTube. Do watch.

"Janak is a Care-free King, a yogi without worries and one who plays and stays in the company of one father, and is caring like a mother" ~ ***Avyakt BaapDada***
