### *Prajapita Brahma Kumaris Godly Spiritual University*

( [www.brahma-kumaris.com](http://www.brahma-kumaris.com) | [www.bkgsu.com](http://www.bkgsu.com) )

Brahma Kumaris Godly Spiritual University is established by the incorporeal God-Father Shiv (the Supreme Soul) as a foundation to recreate the new heavenly world. God has come in this time when unrighteousness and ignorance is prevailing as clouds hiding the sun of knowledge. The present time is the most beneficial time called 'Sangam Yug' or 'Confluence Age', an age or time period between Iron Age (Kaliyug) and the Golden Age (Satyug). God's role is to re-establish the world which is remembered by us as Heaven. He reminds us our true identity, that we are souls and not this physical body. This is thus Godfatherly University for world transformation. We the students here are attaining this knowledge and virtues from the spiritual father and thus the fortune of liberation in life for many many births. Through this spiritual university, we godly students are learning the truth of the creator and the creation. This whose source is Murlis. When the sun rises, the night ends and the day begins. God is the conscious sun of knowledge.

### **The Story**

'Om Mandli' - as it was named, was a group of a few tens of children, mothers, young and old men, in the very beginning (late 1936) who devoted their life in the direction towards God after some or other divine experiences they received while attending a Satsang (spiritual retreat) at Dada Lekhraj's house. Right that time, not many realised the fact that it was God who was working through the medium of Dada Lekhraj. But as they received such experiences, they continued on the path. They tolerated harsh words and opposition of the whole community including their relatives, just because they followed the way of celibacy and decided to walk on the path shown by God. In spite of the incredible social upheavals which were going on in pre-partition India, these people came together, initially in Hyderabad and a year later they moved to Karachi. With time, a simple and clear body of knowledge about the nature of the soul, God and time became revealed. In 1950 (two years after Partition), the group moved to its present location of Mount Abu, India. Until then, these nearly 400 individuals lived as a self-sufficient big family, devoting their entire time to intense spiritual study, meditation (tapasya), and self-transformation.

Their undeviating faith and sacrifice became immortal. Now those souls who came in the very beginning are referred to as Dadi or Dada (with respect). Visit Biography page to know the Life story of such diamonds.

Now is the time of such a transformation, which only once occurs in the whole Kalpa (cycle of 5000 years). When all the world is corrupt, vicious and in sorrow, God has to come to free all Souls, his children from sorrow. God is our Supreme Father, the Supreme teacher, a guide, a friend and everyone that we need for. We have a beautiful loving relationship with Him and therefore we all pray and remember him in many ways in our difficult times. Learn about the true introduction of our long lost and now found father on this page - About God (name, form, task, incarnation), as have we heard from Him in His Murli.

## Our Task

This divine and beneficial task of God, is our mission too. Founded in India in 1937, by the year 2018, more than **8800 centres** of Brahma Kumaris Spiritual University are opened in around **140 countries**. This is the largest growth of an NGO or any spiritual moment in history. This itself is a signal that world transformation is taking place and a sign of who is the one supporting backbone of this wide-spread organisation cum family to run smoothly, without any lack of resources and without any internal disputes. It is actually, what we learn from Murli everyday, we become a follower of one advice (shrimat) of one God that we never get to a dispute. Murli is our source of our knowledge. Gyan Murli is teachings of Shiv baba through the corporeal medium of Brahma baba (Prajapita)

Now has time came again when God plays his role to re-establish the world of Peace, Purity, love and happiness which we remember as 'heaven'. God says – *“Realise the true Self and remember me alone now. Remembering me, you will get purified from your sins of past births.”* Only those Souls which are purified by Yog (remembrance of Supreme father God, the purifier) and thus purified, you will then come to live in New world (Golden Age). Now we have to decide our own fortune. Baba is with every child and is Almighty with all powers. Our victory is predestined. Just follow the given Shrimat (most beneficial advice of Shiv baba)

This task of world transformation is getting visible in the eyes of many people those who are a good observer. Many major changes are happening in the world at both physical and subtle levels. The world is at its full stage in all means. On one hand, science is reaching its end offering all kind of comforts and on the other hand, human beings losing their humanity and values. This is the time when God has to restore the humanity and we all are his hands for doing this, since the father (god) is incorporeal (without a physical form).
