Before we begin, if you are New to BKWSU, we first advise to visit our About Us page and then after take the [7 days course](#) to understand the essence. Now you may continue to below.

“My sweetest children, you have all heard about me, read about me. But now the time has come for me to talk to you directly, to tell you the truth you have been looking for. Before I tell you about myself, let me remind you about yourself. Sweet children, you are not who you think you are – name, religion, profession, relationship... you are not even this body which you see. You are a pure being of consciousness, a tiny sparkling star of living energy, which uses the body to play many roles. You are a pure, peaceful, loveful, powerful soul.

Before coming into this world, you all lived in your home... the soul world... a land of complete silence and purity. But you, my sweet children, had to play your role on this earth, for which you left your home and came into this world. When you came to this world you were complete, perfect and divine. Each of you got a perfect physical costume to wear and this world was a perfect world... a world of divinity, love and prosperity, called Paradise, Heaven, Swarg, Jannat, Baahist... When your body would get old, you would just change and wear a new physical costume and continue to play your role. More and more children from our home joined you in this world. You all were enjoying this world of happiness, called the [Golden Age \(Satyuga\)](#) and [Silver Age \(Tretayuga\)](#).

As you had been playing your part on the world stage for a very long time, your purity and power slowly started to reduce. You forgot your own self and thought you were the body you were wearing and thus lust, anger, ego, attachment and greed came into your interactions. The love and harmony which was there amongst you was lost and you started cheating and fighting with each other. When you experienced pain and sorrow, you started calling out to me. [You started looking for me](#), you had forgotten that I, your Father, stays in the soul world. You started looking for me in your own world. You had a faint memory that I like you, am a being of light, so you started building temples where you made a symbol of my form to remember me.

Also, the world saw some pure children come to your world to guide you like - Mohammed, Jesus Christ, Gautam Buddha, Mahavir, Guru Nanak. They came to teach you the right way of living. They reminded you of me and they came to connect you to me.

As time passed, you got divided in the name of religion, nationalities, caste and creed. You, my sweet children, started waging wars in my name. You built temples of your ancestors, the divine souls who had lived in your world in the Golden and Silver Age (or Heaven) –Shri Lakshmi Narayan, Shri Ram Sita.... You built temples to glorify them and you started looking for me in them. As your cries increased, your search for me became more intense. You even looked for me in nature. Some of you dedicated your life to search for me, but still could not find me. Some of you got so entangled in your world of science and technology that you even believed that I did not exist. This was the **Copper Age (Dwaparyuga) and Iron Age (Kaliyuga)**.

You thought I decide your destiny whenever you had a problem, you blamed me for it and prayed to me to correct it. Sweet children, I am your Father, can I ever give you disease, poverty, abuse, conflict and natural calamities? Everything in your world works according to the Law of Karma, you only get a return for what actions you perform. You are the creators of your destiny. I can give you the knowledge and power to create a wonderful destiny. But for that, you need to connect to me and study the knowledge I give.

Sweet Children, your search for me now ends. I have come to purify you. To remind you of who you are and who am I, your beloved father.

My lovely children, like you, I am also just a being of spiritual light. I am the Ocean of Purity, the Ocean of Love and the Ocean of Knowledge. You have called out to me by many names. I am your Father, Teacher and Guide. You children take a body and come into the cycle of birth and death, I do not take a body. I live in the soul world, a land of silence and purity which is also the home from where you all came to this world. I will give you knowledge, love and power to purify you.

Sweet children, become aware of your original self and connect to me. Remember me and reclaim your inheritance of Peace, Purity, Bliss, Power and Love. I will re-energize you so that together we create the New World, a world where Peace is the religion, Love is the language, Compassion is the relationship, Truth is in action and Happiness is a way of living.

Now that you have received God's divine message, come and learn about What is Murli_which we the students study everyday.

How God Teaches:- God Father Shiva teaches us children (students) through the corporeal medium of Prajapita Brahma (in whom he enters and speaks). Murlis are the unadulterated original versions of **SHIV BABA** our Supreme father, teacher and satguru.

The murli is daily food for our thoughts. Murli in general is composed on 4 subjects. They are:

1. **Gyan** (knowledge)
2. **Yog** (shrimat to remember one Shiv baba)
3. **Dharna** (to imbibe divine virtues in practical life)
4. **Sewa** (service as per God's shrimat)

The essence of all four subjects is 'Karma Yog' - meaning; to to all day to day tasks and activities as per shrimat in remembrance of one father - Shiv baba. This raise our 'cnsciousness' level. It is not chanting, repeating or learning by rote, but it's reminding oneself of his/her highest potential and asking the person to think about it and question the ways of this world. This is quite in stark contrast to dogma and blind faith which is tearing our world apart in the name of "God".

Murli is the nectar which the students of this spiritual family receive. Its God's versions for his children. Murli covers many topics which when we implement in our day today life bring a magical transformation in self as far as dealing with life's challenges. In short, Murli is the Karma Darshan of self. By reading the excerpts of Murli we analyse the quality of our Karma.

There are two types of murli:

(1) Sakar Murlis - Sakar Murlis are the unadulterated original versions of ShivBaba, our Supreme Teacher as initially and actually spoken by Him through His medium Brahma Baba since 1936 to 1969 (referred to as 'SAKAAR' Murlis). Listen [Original Sakar Murlis](#)

(2) Avyakt Murli - Avyakt murlis are divine versions spoken by BapDada i.e. both ShivBaba and Brahma Baba through Their medium Dadi Gulzaar since 1969 up to date after Brahma Baba attained his Stage of Perfection. Shivbaba and Brahmababa are both together affectionately called BAPDADA. BAP means father and DADA mean grand-father and also elder brother. Listen [Avyakt Murli records](#)

These precious teachings have been preserved through the years and circulated to all the Brahma Kumaris branches throughout the world and read out daily during 'Murli – Class' to the Brahma Kumari students by the teacher – in charge. There are various websites given below which provide Murlis classes as well as other information.
